Sahara Desert Trek - 3 - 11 Apr 2027

3 Apr 2027**Arrive Marrakech**

You will be met on arrival in Marrakech (airport), and transferred to your hotel/Riad. Once you have settled in and after your Guide briefing, you will want to experience the famous Djemaa el Fna square (if time permits). Your first experience of the square is one of a senses explosion; entertainers performing, a myriad of food stalls all lit up with the smells to accompany them, and the general melee of activity.

Do make sure you are aware of the timings for the morning (breakfast and departure time), and you are stocked with some drinking water for the journey.

4 Apr**Drive Marrakech to Ouarzazate (Visit Ait Ben Haddou)**

After breakfast, your journey down to the Desert begins. You will drive over the High Atlas mountains, potentially experiencing snow at the higher altitudes demonstrating the vast difference between the country's high and low points and stunning scenery. There will be a number of stops to allow you to experience the views.

The 5hr journey will be broken with a rest stop as well as a visit to Ait Ben Haddou (probably for lunch). This is the filming location for many blockbuster films, including 'Gladiator' and 'Game of Thrones'.

Your overnight stop is in a traditional Moroccan Riad in the desert town of Ouarzazate. Enjoy a tagine and perhaps a glass of wine before you reach the miles of glorious sand that await you tomorrow.

Here, you need to sort out your trekking gear from what is being left behind here in Ouarzazate for your return.

Total journey time 5 – 6 hrs, lunch en route.

5 Apr**Drive to M'Hamid, begin trekking**

This 5hr drive follows the beautiful Draa Valley. The Draa river allows this valley to remain lush. A lunch stop will either be en route or at the support team meeting point at M'Hamid. M'Hamid is a desert town and where the road literally turns to sand. Here you will meet your support team, complete with camels and handlers and your trek begins. The first section is fairly short to introduce you to the terrain and also allow you to set up your tents for the first time. The team will help you if needed.

Total journey time ~5 hrs, lunch en route.

6 Apr**Desert Trekking**

For your first full day, you will trek further into the desert, experiencing what life there is (and there is more than you think) and the tranquillity that it can bring. Life is simple here.

The route you take can vary enormously and will depend on a variety of factors such as the weather and group size.

With no ambient light and the desert to absorb all sound, the evenings and nights are just so dark and quiet. It is quite eerie even just to sit on a small dune overlooking the camp site and just look and listen. The stars are so bright and it is very easy to spot the orbiting satellites as they speed across the skies above you.

If the temperature allows, try sleeping outside of the tent, under the stars.

7 Apr**Sunset on Erg Zaher**

As you trek deeper into the Desert you will experience deeper and more abundant dunes until you can see Erg Zaher on the horizon. Camping tonight will be amidst the dunes close to "Eric", as our clients fondly call it, and once camp is set up, you will climb this 300m (1000ft) dune to watch the sunset across the Sahara.

Don't underestimate the ascent! The sand is extremely deep, soft and steep.

This is a moving and quite surreal experience for most people as the colours of the desert are highlighted by the setting sun. A time to reflect why you are here, and truly experience the silence surrounding you.
